### ***Ken Cuccinelli***

Ken Cuccinelli was elected Attorney General of Virginia and sworn into office on January 16, 2010. As Attorney General, he is responsible for overseeing an office of more than 300 attorneys and staff.

He is leading the legal fight against the federal government's mandate that forces all citizens to buy government-approved health insurance which would give unlimited power to the government. As Attorney General, Mr. Cuccinelli works to protect consumers from scams and fraud, take the worst sexually violent predators out of our communities, put gang members in jail, and save taxpayers millions each year by prosecuting Medicaid fraud in the Commonwealth.

Prior to serving as Attorney General, he served in the Senate of Virginia from August 2002 to January 2010. As a State Senator and private attorney, he worked to improve the Commonwealth's mental health system; championed for Virginian's property rights; and made government more transparent by sponsoring a law that required state government post the detailed budget online in an easy to read format.
