Senator Bill Stanley
VA Senate

Senator Stanley,

It is of grave concern that SB 674 has been introduced by you. Many, many people throughout The Commonwealth are questioning - why?

I can forward you e-mails, comments, logical reasonings, and on and on, about why SB 674 is a bad bill. You surely have seen and heard the comments and concerns.

On behalf of all our partner organizations, I ask you to immediately withdraw SB 674 and throw all of your support behind HB 1 (which I am told you already plan to support). If HB1 does not pass the Senate, Virginians across the Commonwealth will ask why we worked so hard to defeat Edd Houck in the last election. You may recall Virginia Christian Alliance and Virginia Christian Action worked with Terry Beatley to bring Houck's career in the Senate to an end.

Please pull your bill. Thanking you in advance.

Donald N. Blake
Chairman/President
