

Suburban Academy Virginia

Building a coalition for conservatives

Hosted by Fairer America

**Fairer America invites all the VA minority conservatives to
Suburban Academy Virginia**

Fairer America is an anti-socialism organization that promotes free enterprise and free market, religious liberty, individual rights and freedom and limited government in ethnic minority communities. <https://faireramerica.org/>

The attack by the liberal left threatens the future of our communities, our country and our children. It is time for all conservative groups and individuals from all ethnic communities to come together to build a greater coalition for our fight to protect our individual rights and freedom.
